## Medical Training Survey

Thank you for completing the Medical Training Survey (MTS), which is being conducted for the Medical Board of Australia (MBA) and the Australian Health Practitioner Regulation Agency (Ahpra).

The MTS is being administered by an independent research agency, EY Sweeney, and will take approximately 15 minutes to complete.

### Survey descriptions

The purpose of the MTS is to collect data from doctors in training to:

- better understand the quality of medical training in Australia;
- identify how best to improve medical training in Australia; and
- recognise and deal with potential issues in medical training that could impact on patient safety, including environment and culture, unacceptable behaviours and poor supervision.

# Medical Training Survey

## Survey description

The purpose of the MTS is to collect data from doctors in training to:

- better understand the quality of medical training in Australia;
- identify how best to improve medical training in Australia; and
- recognise and deal with potential issues in medical training that could impact on patient safety, including environment and culture, unacceptable behaviours and poor supervision.

## Your part in the MTS

- Participation in the MTS is voluntary. You may withdraw from participating in the MTS at any time without providing a reason.
- The questions you will be asked relate to your experience of medical training in Australia.
- The extent to which the Medical Board of Australia (**MBA**) can strengthen medical training in Australia depends on well considered feedback. The MBA welcomes this feedback, as there are always opportunities to improve medical training in Australia.
- When completing the MTS, we ask that you do not provide responses with personal information or information that may reasonably identify an individual.
- The MBA and Ahpra acknowledge that participation in the MTS and reflections on medical training might cause discomfort or even distress. For this reason, you may skip questions at any time and proceed to the next question.

## Privacy information

Any information collected in the MTS will be treated confidentially and anonymously, and in accordance with the *Privacy Act 1988 (Cth)* and the Health Practitioner Regulation National Law (**the National Law**). MTS data collected will only be used for the purposes described above.

To maintain confidentiality and anonymity of MTS responses, the MTS is being administered by EY Sweeney, an independent and accredited market research agency. EY Sweeney is independent of Ahpra and the MBA.

EY Sweeney will aggregate the MTS data and disclose it to Ahpra and the MBA in a de-identified report, taking steps to remove any personal information or information that could reasonably re-identify an individual.

MTS data will be collated into jurisdiction specific and/or medical specialty specific reports, however participant anonymity will be maintained in such reports. Only de-identified and aggregated data will be published.

Information participants provide in the MTS will be stored and handled securely. EY Sweeney uses a third party provider to store data in the cloud hosted in Australia. The third-party provider is subject to obligations to store and handle data in accordance with the *Privacy Act 1988 (Cth)* and the National Law.

Ahpra's Privacy Policy explains how participants may access and seek correction of personal information held by Ahpra and the MBA; complain to Ahpra about a breach of their privacy; and how a complaint will be dealt with. For access to Ahpra's Privacy Policy, click here (<https://www.ahpra.gov.au/privacy>).

For access to EY Sweeney's Privacy Policy, click here (<http://eysweeney.com.au/contact-us/privacy-policy>).

## Use and sharing of MTS data

The MBA and Ahpra anticipate using the MTS data to:

- provide organisations with the de-identified MTS result reports, including benchmarking, so they can identify focus areas, develop action plans and improve medical training;
- inform sector-wide strategies and campaigns in response to medical training issues, such as workplace environment and culture, patient safety and poor supervision;
- publicly report on medical training issues; and
- provide stakeholders and the public with data about the quality of medical training. Stakeholders may apply the aggregated MTS data to improve medical training in Australia.

All reporting will endeavour to protect the identity of individual participants. For example:

- EY Sweeney will take steps to de-identify any MTS data that may identify a participant or another individual;
- Reports will only be provided where 10 or more responses have been received;
- EY Sweeney will not provide individual MTS responses to third parties outside of the MBA and Ahpra.

### **Data Management**

To maintain confidentiality and anonymity of MTS responses, the MTS is being administered by EY Sweeney, an independent and accredited (ISO20252 Market and Social Research Standard) market research agency. EY Sweeney is independent of the MBA and Ahpra.

All MTS data is securely stored in Australia in accordance with The Research Society Code of Professional Behaviour, ISO 20252 – Market and Social Research Standard, Australian Data and Insights Association (**ADIA**) Privacy (Market and Social Research) Code 2014, Australian Privacy Principles of the *Privacy Act 1988* (Cth) and ISO 27001-2013 (Certificate for Information Security Management accreditation).

EY Sweeney stores data in secure cloud based servers, located in Australia.

### **Contact**

The Ahpra point of contact for this project is [MTS@ahpra.gov.au](mailto:MTS@ahpra.gov.au).

For any technical problems with this survey, a participant should contact EY Sweeney via phone on 1800 983 160 or via e-mail at [medicaltrainingsurvey@au.ey.com](mailto:medicaltrainingsurvey@au.ey.com) (this email appears as a hyperlink at the bottom of each page of the survey).

Non-technical queries, such as questions regarding the content of the MTS, queries about participant rights or complaints about the manner in which the MTS is being conducted, should be directed to Ahpra via email at [MTS@ahpra.gov.au](mailto:MTS@ahpra.gov.au).

If a participant prefers to direct a complaint to another body, the participant may contact the membership body for market and social research, The Research Society, on (02) 9566 3100 or the participant can visit <https://researchsociety.com.au/>

## DEMOGRAPHICS

The questions in this survey focus on your recent experiences as a doctor in training. As this survey is being completed by all doctors in training, please answer the questions in respect to your current situation and stage in your training journey.
